WASHINGTON

State Dept. declassification & release instructions on file

20 March 1961

Dear Harvey:

Many thanks for the excellent lecture on the geography of insular Southeast Asia which you gave to the first regional seminar on Southeast Asia in our new area studies program on February 27. The students were particularly complimentary on the geographic phase of the course, and your contribution was greatly appreciated. Your slides on the Philippines provided an especially interesting feature and were useful in illustrating your remarks on that country.

I also want to thank you for agreeing to lecture on the same subject in the second session of the program on Monday afternoon, March 27, from 1:30 to 4:30. I will send you next week the usual reminder in the form of the class schedule which will indicate the room number for your lecture, and I will see that it is again set up for slides.

Sincerely yours,

Bill Spengler
